Eleventh: To act on the following petition:
Selectmen and Budget Committee.

We the undersigned for the 3rd time ask this committee to consider tarring Rattlesnake Hill Road. As we have pointed out in previous petitions that our road is a well travelled road. Many people could use it as a short cut to go to Manchester if it was in good condition. There would be more people building on this road, which would mean more taxpayers to Auburn. It would save this town considerable money every year to maintain this road, if it was tarred. We hope that this time the committee will grant our petition.

Yours faithfully,

(signed Bert S. Lowenthal, Arthur J. Royer, Victor R. Royer, Mrs. Wesley Willey, Mr. Leo A. Howard, Robert Willey, Larry J. Mohn, William Champagne, Arthur W. Royer, Cedric Davis, Louise Frisella, Anthony Lambert, E. J. Goodhue, E. P. Corson, Bernice R. Anderson, John T. McKinley, Frances E. MacKay.)

In addition to our petition of Feb. 4th, we would like to make an application for the sum of \$1,500.00 to

sideration in order for the monies recommended by the Budget Committee be sufficient to perform the work contemplated.

Seventeenth: To see if the provisions of Chapter 171A of the Revised Laws Relative to Playing Games of Beano be adopted in this Town (Vote on official ballot)

Eighteenth: To transact any other business that may legally come before the meeting.

Polls will open at 10:00 o'clock A.M. and close at 7:00 o'clock P.M.

Given under our hands and seals this eighteenth day of February A. D. 1954.

Grenier, Robert	Shea, Elizabeth L.

Jarvis, Brenda	Wentworth, Paul
MacDonald, Gretchen	Wiggin, Beverly A.

The following table is indicative of the problem that is characteristic of the state and nation as well as the local schools:

	ENROLLMENT	
	Elementary	Secondary
Jan. 31, 1954	196	40
Jan. 31, 1953	186	35
Jan. 31, 1952	163	35
Jan. 31, 1951	161	40
Jan. 31, 1950	153	34
Jan. 31, 1949	141	34
Jan. 31, 1948	139	31
Jan. 31, 1947	120	32

Jan. 31, 1946	112	24
Jan. 31, 1945	103	20

The elementary enrollment has almost doubled in the past 10 years. An increase of 93 pupils in such a period is unprecedented. A study of the actual enrollment by grades indicates that with the exception of grade III the enrollments are higher in the lower grades. The census figures indicate that this trend will continue with enrollments of approximately 30 or more pupils for each entering class for several years. This means that as the smaller classes in the upper grades graduate the physical plant may be inadequate to meet the actual enrollments. If such proves to be the case, the wisdom of providing for easy expansion of present facilities will be a boon to the community.

The increased enrollment of course is reflected in school costs. Certain items such as heat and light are not materially increased as long as the enrollment can be housed in the present plant. The same is true of salaries. Charges for the payment of bonds are also directly attributable to increased enrollments. Transportation costs are affected immediately. As the number of pupils increases the need for expanded transportation is apparent. As increased enrollment necessitate a program of expansion of plant the cost to the district for debt service is directly related to increased enrollment.

The number of pupils attending secondary school has been relatively stable compared to elementary enrollments. The district's financial responsibility has increased constantly. The state average cost has practically tripled in the past decade. This average cost is the district's liability. Increased enrollments and increased costs have created a serious situation in local communities throughout the state.

Personnel

The current year was one in which there was a turnover of half of the teaching staff.

Miss O'Leary, Miss Gomo, and Miss Hrepatsos all resigned to accept positions elsewhere. In a period when elementary teachers are in short supply the district was fortunate to secure teachers of experience to fill the vacancies. Geographic location has been a decided asset to the schools in this critical situation.

Mrs. Goddard, who had been teaching in Raymond, replaced Miss Hrepatsos. Her experience in the field of music helped considerably in that area in addition to her classroom work.

Mrs. Rosenfeld was hired as a replacement for Miss Gomo and Mrs. Doukas replaced Miss O'Leary. Both are teachers of experience with understanding of children and a knowledge of the classroom problems. The staff has worked conscientiously to give the boys and girls all the individual attention necessary to permit each pupil to make the greatest possible progress. It seems as though despite the number of changes that youngsters are making better progress than they were.

With increasing enrollments on a state and national basis the district is indeed fortunate to be able to secure the services of teachers of high caliber. The situation will not improve until such time as the supply of trained personnel more nearly equals the demand for teachers. It will be reflected in higher salaries on a national, state, and local level until the supply of teachers is more adequate.

Finances

The school board's budget shows an increase of \$2,675.45. The increases are due primarily to increased enrollments.

The largest items of increase high school tuition, transportation, and teachers salaries, are all directly or indirectly influenced by enrollment. The decrease in debt service makes the total increase in the school board's budget the above figure. Due to an increase in the number of elementary tuition pupils the cash balance and income are increased sufficiently to result in a decreased tax levy.

Despite this situation it is apparent that one of the major issues facing the next session of the General Court should be financial support of education. Local real property has not increased in value at the same rate as the increased cost of education. Committees on the edge of urban centers particularly have had an increase in population out of proportion to the increase in real property value. In this situation the need for increased state aid is important.

I am appreciative of the opportunity to serve the children of a district where cooperation of all is the usual attitude in connection with the progress of pupils.

Respectfully submitted

EVERTON H. PARKINSON
Superintendent of Schools
